COMPANY PROFILE

BFF Founded
2001 Year

Sales Country
20⁺

Factory Area
3000m²

Boundless Furniture Fittings CO., LTD. (BFF) is a large-scale professional furniture hardware manufacturer that offers a wide range of business operations from R&D, design, production, to sales and after-sales services.

BFF integrates a production line of mold opening, production, and assembly through pressure injection, electroplating, assembly, and packaging. We can design and produce various types of furniture hardware accessories. We have also put in place automatic assembly equipment to achieve production automation, improve production efficiency, shorten production cycle as well as ensure product quality. The multi-functional desktop sockets, supports, drawer locks, hinges, and slide rails produced by our company are particularly comparable to those of other sophisticated manufacturers in terms of price, production capacity, delivery timeliness, efficiency, and quality. In addition, we deal in other furniture hardware accessories, kitchen pull baskets, wardrobe functional hardware, and similar products.

With rich experience in furniture accessory production and sales, we mainly engage in foreign trade, exporting our products to over 20 countries across five continents including Germany, Poland, the Netherlands, India, Iran, South Korea, Indonesia, Malaysia, the United States, Peru, Brazil, Colombia, Morocco and Nigeria. We are proud to accomplish a constant, steady and rapid growth trend in annual sales.

Being professionals makes us stand out. Our mission is to provide our customers with high quality products, reasonable prices, and comprehensive services to foster mutual development. In this way, we seek to build strong friendships across the globe.
